

Seminar Speaker:

Lynne Babbitt, M.A., serves as a therapist and the Assistant Director of Shepherd's Touch Counseling Ministry. She provides training services as a consultant to ministries, and is a popular speaker. Lynne's journey has included social work, teaching, church leadership, and rearing six children—in part, as a single parent. God has endowed her with hard life lessons from not-so-wise relationship choices, and with the transparency to share those lessons. She relishes spending time with her wonderful husband and children, and working in her three passions: counseling, speaking, and writing!

“Carers for the soul are not qualified by Degrees, but by suffering. By living a life that does not work, but learning to enjoy God in the midst of it.”

Dr. Larry Crabb, 2001

Lynne's Pastor Says:

“Vitality. That is the word that comes to my mind when I think of Lynne. Not just physical vitality, but spiritual vitality as well. Lynne has the ability to communicate WITH PASSION the truths of God and His Word in such a way as to make people sit up, take notice, listen, and really learn how God can take their own life, and no matter what they have been through, use them for the Kingdom of God.”
